The total travel package rate is $12,232.00** for a non-resident, undergraduate student, as itemized below.

These charges will be billed to the student by the Office of Student Receivables along with any other summer term charges by April 15, 2019. A deposit of $500.00 is required upon acceptance into the program to secure a space. If space is available, payment can be made, and enrollment permitted at a later date. In addition, a minimum of one half of all summer registration charges and any prior term balance is due by the enrollment confirmation deadline of Friday, May 10, 2019. In the case of withdrawal of a participant prior to the first class day, May 29, 2019, the tuition and course fee charges are fully refundable. However, the travel fee will be forfeited to the extent of costs already incurred for travel arrangements made by the University.

The above package rate does not include the following:
Student travel to/from LA from student's home city to LA, student transportation to/from internship and class activities, personal meals (outside of class meals with guests), personal expenses, optional group activities & required health insurance.

Financial Aid Students Note: If a student who received federal aid during the 2018/19 academic year wishes to cover all or a portion of these costs with aid for the Summer term, the student must obtain a statement of aid eligibility and estimated amount of aid possible from the office of Student Financial Aid and bring this document to Student Account Services by the deposit date. The student must enroll for sufficient hours during the Summer term (which includes Interim) to receive federal aid even if otherwise eligible. Any portion of the balance due that is not covered by aid will be due by the dates specified above. The student is responsible for working with the Financial Aid office to assure that the aid will be awarded and available to be applied to the student's charges for the travel package by the May 10, 2019, deadline for final payment. The student will remain responsible for the costs incurred even if no aid is awarded.
